description
(told from
heroine's pov)**

Bossy. Infuriating. Sexy as sin...I can't stand the man.

And he's waiting for me at the altar.

I'm up to my eyeballs in unpaid rent. So is half this town.

Cannon Kingston is the devilish, arrogant billionaire with the power to save us all. But he wants something in return...

My hand in marriage.

The terms of our twisted contract are simple. A month or two of dirty, dirty matrimony and he'll drop the eviction threats.

No biggie. I've got this...

Until he switches up the rules on me halfway through the deal.

First come the bed-breaking orgasms.

Then come the late nights, spilling secrets in the dark.

Now, he's after my heart.

But this is strictly business. Falling in love is a big, fat no-no. I'm not looking for a fairytale ending. I'm just trying to save myself and my town.

Cannon Kingston is a man who always gets what he wants. And now, I'm at the top of his wishlist.

I'm no spineless damsel, though. I can bring this king to his knees.

...Unless he steals my heart for ransom first.

Mister Billions is a steamy, laugh-out-loud, marriage of convenience small town romance featuring a billionaire with a sinful body, a cocky grin and a serious attitude problem. It is set in small town Illinois and is book 1 in the Bad Boys in Love series.

Sooooo Gooooood!!!

This book was freakin' fantastic! It is hilarious, and real and just an all around excellent read. I started the book and could not put it down all day and that is the highest compliment I can give because it means that NOTHING in my day was more important than finishing this book. I can't wait for the others in this series to come out, but thank goodness I read the snippet for Lover Boy, from another of Ms. Miller's series, and it hooked me immediately so that will hold me over til then. This book is a definite must read. Mature eyes only due to hot 🔥 loving!!!

This book was so up my alley that I couldn't put it down.

WOW!!!

What's not to love about a grumpy billionaire!!!!? Cannon Kingston is all that and more and he thinks that he is too. With betrayal, comes returning to his home town and needless to say meeting Lexi, is something he doesnt count on. Will this fake" I do" become more or are they destined to end?

This book was so up my alley that I couldn't put it down. The banter was great and Lexi and her friends are a hoot and incredibly supportive of each other, dont we all want that??

Revenge, turmoil, drama, sizzling chemistry and witty banter made this an enjoyable and entertaining read!!! Loved it!

Alexia Robinson is a small town second hand bridal shop owner in a sleepy little town when in blows Cannon Kingston a handsome Billionaire hell bent on revenge only to realize his family business is about to slip through his fingers. His Dad is only willing to allow him to take over family business is if he's a family man. A marriage of convience and stormy chemistry make this read so hot the pages will just burn away!

Fantastic

I wasn't sure what I was going to find when I started this book. The blurb sounded cute but I wondered if it would be cheesy. What I discovered was it was anything but cheesy. Strong characters that made me laugh, interesting family dynamic, and a love story that was perfect.

I'll definitely be looking for more from this author in the future. I can't wait to see more of these brothers.

The best book, I've read in a long time! 5 stars

I loved this book! I laughed, I cried, I couldn't wait to turn the page to see what was coming for Lexi and Cannon! Mister Billions is the best book, I've read in a long time! Cannon is an angry, out for blood billionaire who returns to his hometown and has a run in with sassy, smart, strong willed Lexi. I could feel the pull between these two through my kindle. This book had it all, it was fun, laugh out loud, the fights between Lexi and Cannon were knock down they cared so much for each other but was so afraid of getting hurt or used by the other, they were both stubborn but oh so much fun! I'm looking forward to reading about the other Kingston brothers.

WOW! What a story!

Loved this story! The storyline is solid and engaging. It kept me enthralled from page one to the very end. It has everything from angst, fun, laughter, tears, love, genuine emotions to a beautiful ending. And let us not forget the heat! Yeah, there's that, too. Now, let's talk about those beautiful characters throughout the story. The author could not have described the characters any better, could not have made me like them any better than she did. I hated to see the story end. Even though it was a great ending, I wanted more. This book is an easy 6 STAR book and well worth the read, in my opinion.

Chapter 3

Lexi

"Waiting a few minutes for a cup of coffee must be a real hardship, huh?" I jab, glaring at the stranger in the armchair.

It's provocation to poke the bear but Jessa is my frigging sister. I do not just stand by and watch the people I love get verbally manhandled. That's not my style.

The patron doesn't even bother to look up from his newspaper. "Is it unreasonable for a customer to expect efficient service from a business where they're expending funds?" The growly tones of his voice rumble down my spine and resonate inside my panties.

I shake off the unwelcome visceral reaction and clear my throat. "It's unreasonable for a customer to be a jerk just because a struggling small business is having a machine malfunction."

"If a coffee shop can't manage to sell me a cup of coffee without having to declare a national state of emergency, then that pretty much sums up why it's a struggling business."

"I don't know how to tell you this, but..." I take a step closer and lower my voice like I'm trying to clue him in on a conspiracy theory, "No amount of money entitles you to boss people around like that."

"You sure about that?"

"True fact," I deadpan, my tone as dry as a cheddar cracker. And just as salty.

A scowl pinches the corners of his mouth as he casually flips a page on his stupid newspaper. He slowly scans the page and then flips again, on to the next one.

The asshole deliberately makes me wait.

My blood is simmering. Come on—I read that paper daily, and even I can admit it's not exactly hard hitting.

After a decade-long pause, he speaks again.

"And what do you suggest I do about the subpar customer service in this establishment?"

I twit back a sharp response. "How about exercising some patience? Some understanding? Some friggin' compassion? Just because you've probably got a million dollars in the bank doesn't mean you get to boss everyone around."

Finally, the arrogant jerk glances up. Those scalding caramel irises threaten to melt my kneecaps from right under me. "I've got a billion dollars, sweetheart...In fact, more than just one."
